Station Manager
WCSR
Smith College
10 Prospect Street
Northampton, Mass.

Dear Miss Ungerleider:

On behalf of the staff and management of WRUC it gives me pleasure to welcome WCSR to the campus broadcasting system. With the increase of stations in the North Eastern part of the country we hope that cooperation will be increasingly close.

WRUC, as you know from your visit here a year ago, has passed through most of the unhappy phases of campus broadcasting, and we would be glad to share our experiences whenever we might be of assistance.

Since most of our scripts are primarily for male voices, I don't know that they would be of any help to you, but we occassionally have recorded programs in which you might be interested.

I do not know that any of us will be able to accept the invitation to visit your studios in the near future, but we shall certainly make every effort to attend a conference if you hold one in the Spring, there are always many interesting things to be discussed.

Sincerely,

Robert Hartwell
